

IBM Excellence Award

IBM Training 2019

IBM - IBM Flash Storage Fundamentals

Code: SSFS1WG-WBT

URL: [View Online](#)

This IBM Web-Based Training (WBT) is Self-Paced and includes:

- Instructional content available online for duration of course
- Visuals without hands-on lab exercises

Enterprise data is growing exponentially. This data explosion is making commonly accepted practices of data management inadequate. Social, mobile, cloud, big data, and analytics are driving an explosion in data volumes and causing new challenges for data protection, disaster recovery, regulatory requirements, and standards for compliance. Data management has become one of the highest priorities of organizations today.

The IBM FlashSystem products are designed to help companies improve performance and reduce server sprawl, power consumption, cooling, and floor space requirements. All of this in turn can help clients save money, improve performance, and invest more in innovation. The IBM FlashSystem family can help you take control of your storage, harness existing data, and manage your IT infrastructure in a much more cloud-like fashion. This course will aim to provide the basics of flash storage systems, specifically IBM- s portfolio in this area.

Skills Gained

- Demonstrate an understanding of flash storage from a technology standpoint
- Summarize the benefits of IBM FlashCore technology
- Recognize all the flash storage products from IBM and their benefits
- Summarize the architecture of IBM FlashSystem products, FlashSystems 900, V9000, A9000 and A9000R
- Demonstrate an ability to access and interact with the graphical interface of IBM FlashSystem V9000
- Summarize the various use cases of each of the FlashSystem products FlashSystems 900, V9000, A9000 and A9000R
- Demonstrate an ability to access and interact with the graphical interface of IBM FlashSystem V9000
- Summarize the various use cases of each of the FlashSystem products

Who Can Benefit

Enrollment in this course is not restricted. Typical students may include:

- Customers
- Technical IBM personnel
- Business Partner technical personnel
- IT consultants and architects

Prerequisites

None

Please check the learning page for additional courses at www.ibm.com/training.

Course Details

Course Outline

- â€¢ Unit 1: An Overview of Flash Storage
- â€¢ Unit 2: IBM Flash Storage Portfolio
- â€¢ Unit 3: An Overview of IBM FlashSystem 900
- â€¢ Unit 4: An Overview of IBM FlashSystem V9000
- â€¢ Unit 5: An Overview of IBM FlashSystems A9000 and A9000R

Exercise simulations are below:

- â€¢ Exercise 1. Access menu
- â€¢ Exercise 2. Settings menu
- â€¢ Exercise 3. Creating a volume
- â€¢ Exercise 4. Mapping a volume to a host
