## IBM - Lab: JDBC on Liberty

---

**Code:** MC09004G-SPVC

**URL:** [View Online](#)

---

This IBM Self-Paced Virtual Class (SPVC) includes:

- PDF course guide available to attendee during and after course
- Lab environment where students can work through demonstrations and exercises at their own pace

Deploying a data access application includes more than installing your web application archive (WAR) or enterprise archive (EAR) file onto a Liberty. Deployment can include tasks for configuring the data access resources of the server and overall runtime environment. In this lab, learn to configure Derby Database on Liberty, create a sample JDBC servlet, and run the sample JDBC Servlet.

## Skills Gained

Refer to the overview for the description of this lab

## Who Can Benefit

Anyone who needs practice working with WebSphere Liberty

## Prerequisites

None

## Course Details

### Course Outline

Refer to the overview for the description of this lab
