

IBM Excellence Award

IBM Training 2019

IBM - Lab: Hello Docker!!

Code: MC09022G-SPVC

URL: [View Online](#)

This IBM Self-Paced Virtual Class (SPVC) includes:

- PDF course guide available to attendee during and after course
- Lab environment where students can work through demonstrations and exercises at their own pace

This lab is a primer on how to use, build, deploy and run Liberty in a Docker container. In this lab you will pull Liberty from Docker hub, install it, review information about the container, access resources inside the container, add an application then test it.

Skills Gained

Refer to the overview for the description of this lab.

Who Can Benefit

Anyone who needs practice working with WebSphere Liberty

Prerequisites

None
